AIDS TO PROPER MAILING

Write name and address plainly and completely.

Place name and address of sender on all mail matter.

Prepay postage fully.

Use street and number in return address on your envelope and also letter heads.

Always address mail for city delivery to street and number, and request correspondents to do likewise.

Use designation North or South, West or East when it is a proper part of the address and save delay in delivery.

Insure valuable parcels.

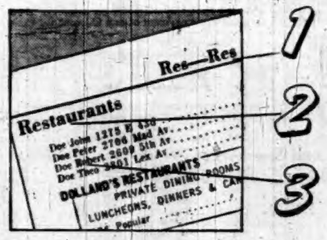
Wrap parcel post carefully in heavy paper, and tie knots securely.

Do not use cards or envelopes smaller than a Government Postal Card.

Avoid the use of the word "City" as a part of the address. It may result in delay.

Avoid abbreviation of state names: Pa., Va., and La., frequently look very much alike when written. It is difficult to distinguish between Me., Mo., and Ind., or Cal., and Col. The abbreviation recommended for Colorado is Colo., and for California is Calif.

YOU WILL OFTEN GAIN A DAY'S TIME IN DELIVERY BY DEPOSITING MAIL AS SOON AS IT IS READY.



Pamphlets showing the hours "Mails Close" at the post office, and the time in transit between all of the large cities in the United States, may be had upon application to the Superintendent of Mails.

For better service—answer your telephone promptly and pleasantly.

PATIENCE PAYS

Thousands of telephone calls are missed every day because the person calling will not wait a second or two longer. It's a good rule to wait that extra second.

Another good rule is to answer a ringing telephone promptly. That too will make fewer missed calls.

And in business a missed call is often a missed order.

For better service, don't transfer a call to someone else if you can take care of it yourself.

It's part of your address

Today, when so much of this country's business is being done over the telephone, it's important to keep your business telephone number before the public.

Make sure that it's on...

★ YOUR LETTERHEADS
★ " ADVERTISING
★ " BILL FORMS
★ " BLOTTERS
★ " CARTONS AND BAGS
★ " AWNINGS AND TRUCKS

Remember, your telephone number is an important part of your business address. The more you display it, the more business it will bring to you.

In answering the telephone, the English say "Are you there?" Some people say, "Hello." But in business organizations the correct answer is the name of the company or the department or the name of the individual who answers the telephone.

THE COURTEOUS THING

This executive—even in these busy days—stays on the telephone while getting his long distance number. He is ready to talk to his customer or client the instant the connection is completed. It's not only courteous—it's efficient too.

GENUINE NAPHTHA CLEANING

"NO VARNOLENE SOLVENT USED"

Why Naphtha?

Because cleaning by the Nap-O-Vac Process is a thorough washing, with hundreds of gallons of Naphtha, Rinsing, Extracting, Drying, & Deodorizing in our large, special, Rug Cleaning Machines, operated under Vacuum.

This process is not a varnolene surface brushing

RUGS are drenched in distilled naphtha. Stains dissolve. Dirt and dust are gently removed. Cleans surface, pile and back. Destroys moth eggs. Preserves original beauty and lustre. It does not remove the natural oils in rugs. Leaves the threads strong and full of life. Colors are restored to their warmth and beauty.

Also, we DRY STEAM every rug and carpet to raise crushed pile. All domestic rugs and carpets resized to insure against limpness.

A naphtha cleaned rug or carpet retains its life and body.

In answering the telephone, the English say "Are you there?" Some people say, "Hello." But in business organizations the correct answer is the name of the company or the department or the name of the individual who answers the telephone.

Be quick to answer your telephone calls. Be slow to hang up when making a call. Give the other fellow time to answer.

DON'T WHISPER—
DON'T SHOUT!
When you talk over the telephone, you'll find you'll be more easily understood if you talk directly into the mouthpiece—using an ordinary conversational tone of voice.

PATIENCE PAYS

Thousands of telephone calls are missed every day because the person calling will not wait a second or two longer. It's a good rule to wait that extra second.

Another good rule is to answer a ringing telephone promptly. That too will make fewer missed calls.

And in business a missed call is often a missed order.

For better service—speak directly and clearly into the telephone mouthpiece.

"I Wanted To Call You . . .

. . . but I couldn't find your name in the directory." Nobody knows how many times each day that statement is made, but it usually means that two people have been disappointed at not having been able to get in touch with each other.

One of the common causes is that people have relatives living with them whose names are not listed in the directory. The situation can be fixed very easily, however, by having an extra listing inserted. The cost is only 25¢ a month. Just call the Business Office.

NEW YORK TELEPHONE COMPANY

In time of peace, or in time of national emergency, the telephone helps unite the nation.
